

INFORMATION ON BONDING DAY

Transition Year - Bonding Day Date: Wednesday 13th September, 2017

On Wednesday, 4th Years will be hiking up Ticknock with their class groups. They will be given a number of tasks to complete along the way and will be accompanied by their tutors throughout. It is a fun day, with an opportunity for the students to get to know their new classmates and tutor better as they work together on the day. On their return to school by 1:00pm, they will receive their Junior Certificate results in the Myles Hall.

On Wednesday, each pupil should make their way to the GBS Auditorium for 9:00am. They should be wearing clothes and footwear suitable for a hike in the hills, with due regard to the weather for the day. Students should feel free to bring along a snack and a drink, realising that they will be carrying these themselves on the day.

School field trips and tours offer valuable opportunities for pupils and staff. The success of such events depends, to a large extent, on reasonable behaviour, co-operation and a willingness to join in positively. Normal school rules and procedures apply and pupils are expected to support the policies outlined in the Code of Behaviour. We anticipate full co-operation throughout the trip
