

Student Enterprise "Green Prize"

The adjudicators will award a special prize for the most **environmentally sensitive** business. This prize will be awarded by the Environment Committee.

Some guidelines for your "Green" business idea:

- Could your idea/product be of use to the College environment and thereby enhance the natural environment in some way?
- Are the materials used in the product recycled and is the product recyclable?
- Could you in some way address the "Reduce Reuse Recycle" idea, used by the Green School campaign, in your planning or design?
- Can you say that your product is a Green product or Green idea?
- Did you show that you care enough for the environment to have included environment concerns in your planning and development?
